Re: Gergely Szabo

This is to certify that Gergely Szabo, a former student of mine, fulfilled his mandatory undergraduate teaching practice at the "Babits Mihály" Teaching Practice Secondary School of the University of Pécs in the curricular years of 2003 and 2004.

During his teaching practice sessions he taught students of 14 to 18 years of age. He showed talent and diligence, as well as evidence of excellent preparation and concentration during his classes.
