

Letter of Reference
To whom it may concern

20 April 2005

Re: Gergely Szabo

It is a pleasure to give reference to Gergely Szabo. Today he is a qualified PE teacher as he finished his graduation in 2004. I was in connection with his undergraduate teaching activities as a teaching practice coordinator and I am giving this reference to him on this basis.

He performed undergraduate (obligatory) teaching practices under my supervision at the Deák Ferenc Teaching Practice Primary and Secondary School in Pécs from 20th to 30th of January 2004, when he taught girl students of 12-14 years of age. He practiced in teaching gymnastics, basketball and circuit training, and also contributed in organizing and the performance of after-school sport activities, such as basketball tournaments. He also acted as trainer of the PTE PEAC (University of Pécs Sports Club Basketball Girls Team) between 2002 and 2003.

During the above activities his attitude and performance were outstanding. I am happy to recommend him to be given a post of a PE teacher/trainer involved in identical or similar activities.
